KEY FACTS

Keep your fleet running with Smart Tank AdBlue®

Ensuring your fleet has a constant supply of AdBlue® is essential to avoid costly breakdowns and roadside emergencies. But with so many other demands on your time, how can you effectively manage your AdBlue® supply?

At Fleetmaxx Solutions, we offer a convenient solution. By purchasing AdBlue® directly from us, you benefit not only from competitive pricing but also from our **automatic top-up service**.

Reliable, hands-free AdBlue® refills

At Fleetmaxx Solutions, we provide a fully automated AdBlue® top-up service powered by telemetry. That means:

- ✓ **Automatic refills** – hands-off AdBlue® management
- ✓ **No IBC deposits** – no hidden costs
- ✓ **No delivery charges** – everything included
- ✓ **Reduced admin** – fewer invoices and reorders
- ✓ **Clean, safe and reliable** – non-drip system, no pump changes
- ✓ **Fully maintained** – we handle servicing and support
- ✓ **No risk of running dry** – guaranteed supply, no interruptions

With Smart Tank, you get worry-free refilling, precise tracking, and ongoing support – all tailored to the needs of your fleet.

KEY FACTS

How Smart Tank works

- We install a Smart Tank on your site, fitted with a telemetry unit.
- Every night, your tank's AdBlue® levels are monitored and reported to our logistics software.
- Our system automatically schedules a refill – before you ever run low.
- This intelligent system helps keep your fleet moving, while reducing the carbon footprint of each delivery.

Tank options to suit your fleet

If your business uses more than 1,500L of AdBlue® per month, we'll supply a Smart Tank system tailored to your requirements. All tanks feature:

- Bunded construction – for leak prevention
- Stainless steel pipework – for long-term durability
- Overfill protection – for safer refills

Available models:

- **Smart Lite** – up to 2,300L
- **Smart 5000** – up to 5,000L
- **Smart Plus** – up to 3,350L
- **Larger tanks available on request**
